🎯 Objective

Motivated and detail-oriented **Java Backend Developer** with 1 year of hands-on experience in building scalable web applications. Seeking to contribute to a growth-oriented organization by leveraging strong backend development skills and problem-solving abilities.

💼 Work Experience

Java Backend Developer

TechNova Solutions Pvt. Ltd. – Hyderabad
📅 June 2024 – Present

- Developed RESTful APIs using **Java and Spring Boot**
- Designed and managed databases using **MySQL**
- Implemented authentication and authorization using **JWT**
- Improved API performance by optimizing queries and reducing response time by 25%
- Collaborated with frontend developers to integrate APIs
- Worked with **Git** for version control and team collaboration

---

🛠️ Technical Skills

Programming Languages

- Java (Core + Advanced)
- JavaScript (Basic)

Backend Technologies

- Spring Boot
- REST API Development
- Microservices (Basic understanding)

Database

- MySQL
- JDBC

Tools & Technologies

- Git & GitHub
- Postman
- Maven

Frontend (Basic Knowledge)

- HTML, CSS
- JavaScript

🎓 Education

Bachelor of Computer Applications (BCA)

Osmania University, Hyderabad
📅 2021 – 2024

📂 Projects

◆ Online Food Delivery Backend System

- Built backend APIs for order management using **Spring Boot**
- Implemented user authentication and role-based access
- Integrated MySQL database for storing user and order data

◆ Student Management System

- Developed CRUD operations using Java and JDBC
- Designed database schema and optimized queries

□ Soft Skills

- Problem-solving
- Team collaboration
- Time management
- Adaptability

📜 Certifications

- Java Programming Certification – Udemy
- Backend Development with Spring Boot – Coursera

🌟 Strengths

- Quick learner and self-motivated
- Strong debugging skills
- Passion for backend development
